Jennifer:

Ref: DCI's letter of 18 May to
Mr. Fuld, National News Council

I had a call today from Mr. William B. Arthur (212-595-9411), executive director of the organization. He wants to take the DCI up on the invitation for a meeting. He says 3 June would be an ideal date for them since he and several other members of the group are going to be in Washington anyway on that date.

A meeting with the DCI himself would be most appreciated, Mr. Arthur says, but he understands that this probably won't be possible. He would be accompanied at such a meeting by Mr. Ned Schnurman, associate director, and one or two others.
